

BRAINERD DAILY DISPATCH.

VOLUME 1, NO. 14.

BRAINERD, MINN., TUESDAY, JUNE 18, 1901.

PRICE TWO CENTS.

WILL WORK TOGETHER

ROADS OF THE MIDDLE WEST
AND NORTHWEST UNDER
ONE MANAGEMENT.

DIVIDED INTO TWO GROUPS

Latest Story Concerning the Plans of
the Railway Magnates—With Head-
quarters at Chicago the Lines Will
Act in Unison on All Transcontinental
and Competitive Traffic Matters.
Result of the Recent Conference.

Chicago, June 18.—The Tribune
says:

All the roads in the Middle West
and Northwest, in which E. M. Harri-
man, J. P. Morgan, the Vanderbilts
and J. J. Hill are interested, hereafter
will be practically under one manage-
ment. J. C. Stubbs, now third vice

president of the Southern Pacific, will
be the traffic expert or manager for
the Harriman group of roads, while
Darius Miller, second vice president
of the Great Northern, will occupy a
similar position for the Hill roads.
Both probably will have offices in Chi-
cago and will act in conjunction.

This is one result of the conference
held in Chicago on Saturday between
Mr. Harriman and various railroad
men.

Mr. Stubbs will have full charge of
all the traffic affairs of the Union Pa-
cific, Southern Pacific, Oregon Short
Line and Oregon Railway and Naviga-
tion company. He will also have
charge of the transcontinental traffic
affairs of the Chicago and Northwest-
ern, Chicago and Alton, Illinois Cen-
tral, Milwaukee and St. Paul and one
or two other lines that may come un-
der Harriman control.

Mr. Miller, who is one of President
Hill's trusted lieutenants, will be the
traffic expert of the Burlington, Great
Northern and Northern Pacific roads,
and to this may be added later on the
Chicago Great Western, Wisconsin
Central, Minneapolis and St. Louis
and Iowa Central. Mr. Miller, it is
understood, will also be made second

vice president of the Burlington road.
Mr. Stubbs and Mr. Miller will act
in unison on all transcontinental and
competitive traffic matters. The mak-
ing of the rates will be in their hands
and it will be their duty to see to it
that rates are firmly maintained.
Their headquarters, it is said, will be
in Chicago and the traffic affairs of
this vast railroad combine will be di-
rected from this city.

Early Pleads Ignorance.

Chicago, June 18.—President Earley
of the Chicago, Milwaukee and St.
Paul road has left for New York, pre-
sumably on business in connection
with the alleged acquirement of the
road by the Union Pacific interests.
Before leaving he refused to talk re-
garding his mission, but stated he
knew nothing of any plan whereby the
company was to change ownership.

SELL CHEAPER TO FOREIGNERS.

Industrial Commission to Investigate
Charges Against Exporters.

Washington, June 18.—The indus-
trial commission has decided to make
a very general inquiry by means of
circular letters into the charge that

exporters of American made goods
often sell them for lower prices than
are asked for similar goods at home,
and a resolution was adopted request-
ing from the business interests of the
United States "a full and frank state-
ment covering the efforts made to
extend consumption of products to
foreign markets."

The secretary of the commission
was instructed to prepare a letter to
manufacturers indicating the infor-
mation desired, and asking, among
other questions, whether they sell
their goods at a lower price abroad
than at home, and if so, requesting
them to give reasons for this course.
The letter also will ask for sugges-
tions for securing better prices abroad
for American goods.

The Canadian Pacific Strike.

Montreal, June 18.—Grand Presi-
dent Wilson of the Trackmen's union
counts upon 90 per cent of the Cana-
dian Pacific men having gone out on
strike. Reports state that only one
gang is at work on the Toronto divi-
sion and seven on the Atlantic divi-
sion. On the Pacific division all the
gangs have stopped work. In all 3-
700 men are employed by the road.

OFFER TO CO-OPERATE

LEADERS OF THE PORTO RICAN
FEDERALS CALL ON GOV.
ERNOR ALLEN.

CONSIDERED A GOOD SIGN

First Time Representatives of This
Party Have Visited the Executive.
Are All Looking for Free Trade
With United States—Will Probably
Be Proclaimed in July—Legislature
Assembles on the Fourth.

San Juan, Porto Rico, June 18.—At
a mass meeting of the Federal party
Francisco Acuna was elected party
leader to succeed Munzo Rivera.

As a first step towards establishing
harmonious relations between the Fed-
eral party and the American authori-
ties a committee composed of Se-
nadores Acuna, Santiago de Palmer and
Dios Nivero paid their respects to
Governor Allen and offered him their
co-operation in what he might deem
for the best interest of Porto Rico.
At no time more than now has it been
realized that party bickering should
cease and all unite for the good of
the island. The committee told Gov-
ernor Allen that they were satisfied
that the work of the administration
had been for the good of the island.
Governor Allen replied with his usual
courtesy and said he had never for a
moment doubted the success of the
government, which had only been re-
tarded by injudicious statements. He
said he looked forward to and hoped
for continued improvement. He
thought the island would soon enjoy
free trade with the United States, and
as soon as Porto Rican and American
markets were opened to each other a
great era of Porto Rican prosperity
would ensue.

The visit of the committee of three
is the first instance in which the lead-
ers of the Federal party have called
upon the governor, and it is consid-
ered a sign of harmony in the future.

WILL ABOLISH DUTIES.

Porto Rican Legislature to Meet in
Special Session July 4.

Washington, June 18.—Secretary
Hay has received the following from
Governor Allen of Porto Rico at San
Juan:

"Unanimous vote heads of depart-
ments fixed date for the special ses-
sion of the legislature for July 4.
The date of proclamation will be an-
nounced at the session."

The proclamation referred to is that
which will declare free trade to exist
between the United States and Porto
Rico, after a designated date, in con-
formity with the terms of the Foraker
act, which allowed two years to test
the ability of the island to sustain it-
self through internal taxation. Gov-
ernor Allen's reports have indicated
that under the Hollander act Porto
Rico is now ready to assume free
trade.

Machinists Return to Work.

Terre Haute, Ind., June 18.—The
local machinists' strike was settled
during the afternoon through the ef-
forts of Eugene Debs. The men get
ten hours' pay for nine hours' work.
On other points concessions were
made by the men.

AFTER THE MAD MULLAH.

The Expedition Has a Number of
Sharp Engagements.

London, June 18.—A dispatch to the
foreign office from the consul general
of Somaliland says that the mad mullah
expedition had heavy fighting on
May 28.

The flying column of mounted infan-
try under Captain Merewether struck
the mullah's supply camp during a
night march and captured 5,000 head
of cattle, killed one important chief
and captured another, covered 100
miles, fought a sharp action and re-
turned to its base in 24 hours.

The main force of British under
Colonel Swayne departed for Elbe
June 14, leaving McNeil with 300 men
to guard Zaria. Swayne's column
advanced against the mullah's base.
Meantime the mullah with 3,000 fol-
lowers attacked Zaria three times.
He was finally driven off by Captain
McNeil with a loss of 500 men. The
British in Zaria had 10 men killed
and 9 wounded.

The mullah is concentrating at his
base and a decisive engagement is im-
minent.

BECAUSE OF THE STRIKE.

Twelve Hundred Men Laid Off at New-
port News.

Newport News, Va., June 18.—
Twelve hundred men from the vari-
ous departments were laid off at the
plant of the Newport News Shipbuilding
and Dry Dock company during the
day, and as many more will be laid off
in the morning if the striking machin-
ists do not return to work. The man-
agement will retain only enough men
to handle repair work, notably the
North German Lloyd liner Main,
which is being rebuilt. The machin-
ists show no disposition to return to
work, only two or three responding
in the morning when the yard opened.
The departments chiefly affected are
those of the boilermakers, black-
smiths, carpenters and joiners and
ship fitters.

STEADY IMPROVEMENT.

Mrs. McKinley Now Able to See a Few
of Her Friends.

Washington, June 18.—Mrs. McKin-
ley's condition continues to show a
steady improvement and she now has
progressed to the point where her
strength permits visits from a few
friends.

Dr. Rixey, on leaving the White
House shortly after 11 o'clock, said
that Mrs. McKinley had passed an ex-
cellent day. She had rested in her
easy chair for a longer time than
usual and was now able, he said, to
see a few friends for a short time each
day. He expressed with considerable
confidence the belief that Mrs. McKin-
ley will be strong enough to go to
Canton by July 1.

CAMBON GOES TO CHICAGO.

Will Receive the Degree of LL. D.
From the University.

Washington, June 18.—Ambassador
Cambon of France has gone to Chi-
cago, where he will receive the degree
of LL. D. from the University of Chi-
cago. The honor is the more notable
as it has been conferred by this uni-
versity on President McKinley. This
is the second American university to
give this high degree to the French
ambassador, Harvard having be-
stowed the doctorate upon him two
years ago. The ambassador will de-
liver an address at Chicago on the
influence of the university on the de-
velopment of national character.

LION CLOTHING COMPANY,

5th Street.

Two Doors South of Stratton Hotel.

BRAINERD DAILY DISPATCH.

VOLUME 1, NO. 14.

BRAINERD, MINN., TUESDAY, JUNE 18, 1901.

PRICE TWO CENTS.

WILL WORK TOGETHER

ROADS OF THE MIDDLE WEST
AND NORTHWEST UNDER
ONE MANAGEMENT.

DIVIDED INTO TWO GROUPS

Latest Story Concerning the Plans of
the Railway Magnates—With Head-
quarters at Chicago the Lines Will
Act in Unison on All Transcontinental
and Competitive Traffic Matters.
Result of the Recent Conference.

Chicago, June 15.—The Tribune
says:

All the roads in the Middle West
and Northwest, in which E. M. Harri-
man, J. P. Morgan, the Vanderbilts
and J. J. Hill are interested, hereafter
will be practically under one manage-
ment. J. C. Stubbs, now third vice

president of the Southern Pacific, will
be the traffic expert or manager for
the Harriman group of roads, while
Darius Miller, second vice president
of the Great Northern, will occupy a
similar position for the Hill roads.
Both probably will have offices in Chi-
cago and will act in conjunction.

This is one result of the conference
held in Chicago on Saturday between
Mr. Harriman and various railroad
men.

Mr. Stubbs will have full charge of
all the traffic affairs of the Union Pa-
cific, Southern Pacific, Oregon Short
Line and Oregon Railway and Naviga-
tion company. He will also have
charge of the transcontinental traffic
affairs of the Chicago and Northwest-
ern, Chicago and Alton, Illinois Cen-
tral, Milwaukee and St. Paul and one
or two other lines that may come un-
der Harriman control.

Mr. Miller, who is one of President
Hill's trusted lieutenants, will be the
traffic expert of the Burlington, Great
Northern and Northern Pacific roads,
and to this may be added later on the
Chicago Great Western, Wisconsin
Central, Minneapolis and St. Louis
and Iowa Central. Mr. Miller, it is
understood, will also be made second

vice president of the Burlington road.
Mr. Stubbs and Mr. Miller will act
in unison on all transcontinental and
competitive traffic matters. The mak-
ing of the rates will be in their hands
and it will be their duty to see to it
that rates are firmly maintained.
Their headquarters, it is said, will be
in Chicago and the traffic affairs of
this vast railroad combine will be di-
rected from this city.

Earley Pleads Ignorance.

Chicago, June 15.—President Earley
of the Chicago, Milwaukee and St.
Paul road has left for New York, pre-
sumably on business in connection
with the alleged acquirement of the
road by the Union Pacific interests.
Before leaving he refused to talk re-
garding his mission, but stated he
knew nothing of any plan whereby the
company was to change ownership.

SELL CHEAPER TO FOREIGNERS.

Industrial Commission to Investigate
Charges Against Exporters.

Washington, June 15.—The indus-
trial commission has decided to make
a very general inquiry by means of
circular letters into the charge that

exporters of American made goods
often sell them for lower prices than
are asked for similar goods at home,
and a resolution was adopted request-
ing from the business interests of the
United States "a full and frank state-
ment covering the efforts made to
extend consumption of products to
foreign markets."

The secretary of the commission
was instructed to prepare a letter to
manufacturers indicating the infor-
mation desired, and asking, among
other questions, whether they sell
their goods at a lower price abroad
than at home, and if so, requesting
them to give reasons for this course.
The letter also will ask for sugges-
tions for securing better prices abroad
for American goods.

The Canadian Pacific Strike.

Montreal, June 15.—Grand Presi-
dent Wilson of the Trackmen's union
counts upon 90 per cent of the Cana-
dian Pacific men having gone out on
strike. Reports state that only one
gang is at work on the Toronto divi-
sion and seven on the Atlantic divi-
sion. On the Pacific division all the
gangs have stopped work. In all 3,
700 men are employed by the road.

OFFER TO CO-OPERATE

LEADERS OF THE PORTO RICAN
FEDERALS CALL ON GOV.
ERNOR ALLEN.

CONSIDERED A GOOD SIGN

First Time Representatives of This
Party Have Visited the Executive.
Are All Looking for Free Trade
With United States—Will Probably
Be Proclaimed in July—Legislature
Assembles on the Fourth.

San Juan, Porto Rico, June 15.—At
a mass meeting of the Federal party
Francisco Acuna was elected party
leader to succeed Munzo Rivera.

As a first step towards establishing
harmonious relations between the Fed-
eral party and the American authori-
ties a committee composed of Se-
niores Acuna, Santiago de Palmer and
Dios Nivero paid their respects to
Governor Allen and offered him their
co-operation in what he might deem
for the best interest of Porto Rico.
At no time more than now has it been
realized that party bickerings should
cease and all unite for the good of
the island. The committee told Gov-
ernor Allen that they were satisfied
that the work of the administration
had been for the good of the island.
Governor Allen replied with his usual
courtesy and said he had never for a
moment doubted the success of the
government, which had only been re-
tarded by injudicious statements. He
said he looked forward to and hoped
for continued improvement. He
thought the island would soon enjoy
free trade with the United States, and
as soon as Porto Rican and American
markets were opened to each other a
great era of Porto Rican prosperity
would ensue.

The visit of the committee of three
is the first instance in which the lead-
ers of the Federal party have called
upon the governor, and it is consid-
ered a sign of harmony in the future.

WILL ABOLISH DUTIES.

Porto Rican Legislature to Meet in
Special Session July 4.

Washington, June 15.—Secretary
Hay has received the following from
Governor Allen of Porto Rico at San
Juan:

"Unanimous vote heads of depart-
ments fixed date for the special ses-
sion of the legislature for July 4.
The date of proclamation will be an-
nounced at the session."

The proclamation referred to is that
which will declare free trade to exist
between the United States and Porto
Rico, after a designated date, in con-
formity with the terms of the Foraker
act, which allowed two years to test
the ability of the island to sustain it-
self through internal taxation. Gov-
ernor Allen's reports have indicated
that under the Hollander act Porto
Rico is now ready to assume free
trade.

Machinists Return to Work.
Terre Haute, Ind., June 15.—The
local machinists' strike was settled
during the afternoon through the ef-
forts of Eugene Debs. The men get
ten hours' pay for nine hours' work.
On other points concessions were
made by the men.

AFTER THE MAD MULLAH.

The Expedition Has a Number of
Sharp Engagements.

London, June 15.—A dispatch to the
foreign office from the consul general
of Somaliland says that the mad mul-
lah expedition had heavy fighting on
May 28.

The flying column of mounted infan-
try under Captain Merewether struck
the mullah's supply camp during a
night march and captured 5,000 head
of cattle, killed one important chief
and captured another, covered 100
miles, fought a sharp action and re-
turned to its base in 24 hours.

The main force of British under
Colonel Swayne departed for Elbe
June 14, leaving McNeil with 300 men
to guard Zaria. Swayne's column
advanced against the mullah's base.
Meantime the mullah with 3,000 fol-
lowers attacked Zaria three times.
He was finally driven off by Captain
McNeil with a loss of 500 men. The
British in Zaria had 10 men killed
and 9 wounded.

The mullah is concentrating at his
base and a decisive engagement is im-
minent.

BECAUSE OF THE STRIKE.

Twelve Hundred Men Laid Off at New-
port News.

Newport News, Va., June 15.—
Twelve hundred men from the vari-
ous departments were laid off at the
plant of the Newport News Shipbuild-
ing and Dry Dock company during the
day, and as many more will be laid off
in the morning if the striking machin-
ists do not return to work. The man-
agement will retain only enough men
to handle repair work, notably the
North German Lloyd liner Mals,
which is being rebuilt. The machin-
ists show no disposition to return to
work, only two or three responding
in the morning when the yard opened.
The departments chiefly affected are
those of the boilermakers, black-
smiths, carpenters and joiners and
ship fitters.

STEADY IMPROVEMENT.

Mrs. McKinley Now Able to See a Few
of Her Friends.

Washington, June 15.—Mrs. McKin-
ley's condition continues to show a
steady improvement and she now has
progressed to the point where her
strength permits visits from a few
friends.

Dr. Rixey, on leaving the White
House shortly after 11 o'clock, said
that Mrs. McKinley had passed an ex-
cellent day. She had rested in her
easy chair for a longer time than
usual and was now able, he said, to
see a few friends for a short time each
day. He expressed with considerable
confidence the belief that Mrs. Mc-
Kinley will be strong enough to go to
Canton by July 1.

CAMBON GOES TO CHICAGO.

Will Receive the Degree of LL. D.
From the University.

Washington, June 15.—Ambassador
Cambon of France has gone to Chi-
cago, where he will receive the degree
of LL. D. from the University of Chi-
cago. The honor is the more notable
as it has been conferred by this uni-
versity on President McKinley. This
is the second American university to
give this high degree to the French
ambassador, Harvard having be-
stowed the doctorate upon him two
years ago. The ambassador will de-
liver an address at Chicago on the
influence of the university on the de-
velopment of national character.

DON'T BUY A THING

Until You Call at the

LION CLOTHING STORE!

We prefer to let our merchandise do the loudest talking for us. It can do it so much more
effectively than anything we can say in print if you will give it a chance. We have no left over
spring goods. Everything is fresh and new and prices so low that they defy competition whatever.

LOCAL NEWS NOTES.

Master Mechanic Bean has returned from Afton, Ia.

O. E. Bailey, of Bemidji, was in the city last evening on business.

C. E. Yeoman, Minneapolis, is in the city on land business.

A baby girl was born this morning to Mr. and Mrs. Joseph Cossett.

E. P. Bacon, of Pillager, is a guest in the city.

Charles Flagley, of Aitkin, is a guest in the city today on business.

Miss Eda Graaf has returned from Lake Minnetonka, where she visited for a short time.

C. N. Parker has gone to Mt. Clemens, Mich., where he will spend a month or so resting up.

Dr. Camp made a flying trip to Staples last evening on professional business.

A. F. McGinnis and George Stratton left this afternoon for Gull Lake on business.

Miss Blanche Coventry has returned to her home in this city from Macalaster college.

R. J. Hartley has returned from Milnor where he went to look after some landed interests.

D. A. Hughesen and William LeBaron left today for Aitkin, where they will figure on some work.

The Ladies Auxiliary, of the A. O. H., will hold their annual election of officers tomorrow evening.

Manager Paul Haight left last night for St. Cloud and Little Falls in the interest of the Scranton schools.

Dispatch and accuracy is a rare combination behind a prescription counter. Let us give you a trial. H. P. Dunn & Co. 12-6

Efforts are being made by the band boys to reorganize and a meeting will be held in a few nights for that purpose.

Mrs. Jennie Decker, of Havre, Mont., arrived in the city yesterday to visit Mr. and Mrs. E. W. Jennings.

County Treasurer Nelson and Judge of Probate Titt, of McLeod county, were guests in the city this morning.

The new dynamo for the electric light plant has arrived and is being unloaded today. It will be put into position at once.

Miss Coates, St. Cloud, passed through the city this morning en route to her home after an extensive visit at Fargo.

Mrs. Moulder, of Minneapolis, arrived in the city this morning to visit for a short time with her daughter, Mrs. G. F. Mitchell.

The fire department was called out last night about 9 o'clock to quench a small blaze at a small shack at the rear of A. Moberg's house.

G. Matte, of St. Mathias, was in the city today and he is telling some of his friends about the arrival of a fourteen pound boy born at his home on June 11.

Mr. and Mrs. George Hepperly, of Salt Lake City, have arrived to visit with Mrs. Hepperly's father, J. A. Bixby, of the town of Oak Lawn.

Rev. Roderick J. Mooney and wife left today for Duluth to attend the Episcopal convocation of the Duluth diocese, and will return Friday.

Samuel E. Sprague, general adjuster of the Commercial Union Insurance Company, is in the city adjusting the loss on the residence of A. H. Bennett.

The many friends of Charles Hagerberg will be pained to learn that he had been removed to the N. P. Sanitarium suffering with a sore foot. It was reported that an amputation might be necessary, but this is not now thought necessary by the physicians.

N. W. Paine and George McCullough left last night for Minneapolis, where they will attend the Grand Lodge meeting of the Odd Fellows. Miss Nichols went down to represent the Rebekahs from this city.

Why be without a camera when they are being closed out at such extremely low prices at H. P. Dunn & Co's emporium. 12-6

Rev. L. J. Jerdee, of Minneapolis, will lecture on "Spiritualism" in the Norwegian Danish Lutheran church, at the corner of Oak and Tenth Sts., Wednesday evening June 11, at 8 o'clock.

On Sunday evening next Prof. F. M. Lenkor, D. D., will lecture in the Nor-Danish Lutheran church in the English language. In the forenoon Rev. Falk will hold services at the farm of P. A. Stendal's. All are cordially invited to attend.

Jack Burns will leave shortly for Fosston, where he will take in the races, entering his green colt "Minnie Wood." "Greenleaf", Justin Gray's horse, will also go out on the circuit and will probably come home with some honors.

When it comes to bluffs there is no mistaking that Sheriff Erickson stands ace high, and some of the results which have transpired in recent days and the incidents attached thereto indicate that Ole is a past master and should be given a leather medal. Last week he was sent down to the Twin Cities "to get someone" unless a settlement could be effected. The astute sheriff dug up his man and went at him with a vengeance and in the first round he had him up against the ropes, and finally he had just to speak to the fellow and he would sidestep like a bantam rooster in a fight with a game cock. It seems the man owed someone in Brainerd, and Ole went at him right. The man hadn't a cent but he skirmished around and a friend of his, who is in the penny-in-the-slot business, dug up two large sacks of coppers and handed them over to Mr. Sheriff. Then Ole was in a pickle. He did not want to go down the street without one of the men went with him as he was afraid the police force would run him in on the charge of breaking a bank. He got the coin changed into bills however, and let his man go.

CURBSTONE CHAT.

G. Matte: I never saw the crops looking better than at present. The recent rains have been great.

Prof. Torrens: Talk about fishing. Well, what's the use. But really White Fish Lake beats anything in the country.

R. J. Hartley: I have returned from Milnor, N. D., where I went to look after my farming interests. I have about 1,200 acres of crop in this year and it all looks fine. People in North Dakota think this will be a banner year.

Chief of Police Nelson: Last night it will be noticed that the ordinance passed changing the time somewhat in the ordinance which regulates the dumping of refuse and debris in alleys and on sidewalks by merchants in the city. Immediately after the publication of the ordinance it will be in force and I am going to see to it that every merchant in the city abides by its mandates. Instead of being given twenty-four hours as heretofore in which to remove this debris the council has now made it four hours and I wish every merchant in the city would take notice of this change.

Casher LaBar: A circular has recently been sent out by the treasury department relating to the redemption of documentary and proprietary stamps. Unused documentary and proprietary stamps, issued under the provisions of the "War Revenue Act," approved June 13, 1898, for which the owners have no use, may be redeemed, but in all cases there will be deducted the percentage, if any, allowed the purchaser. Application for the redemption of such stamps should be made to the Collector of internal revenue from whom the same were purchased, who will supply the applicant with Form 38 and necessary instructions relative to the preparation of his claim.

With tanned faces and pockets full of money, the Third Regiment band and Companies A and C reached home last evening after their practice march from Milaca to Brainerd. Notwithstanding the weather, every man in the regiment seemed to enjoy themselves, especially when the paymaster distributed \$9,000 through the regiment before it disbanded at Brainerd. All the men seemed to regret that the regiment could not have been brought here for the purpose of disbanding.—Duluth Herald.

Neighborhood Gossip.

City Editor Grimmer, of the Journal Press, thinks St. Cloud has a sure find in Hammerel as a pitcher. Young Hammerel's home is in St. Cloud but he has been attending the Minnesota University and is an athlete from the word go.

Fargo has a real live, hot-from-the-wire sensation. Dr. Evans, who is assistant county physician, has left his wife, a bride of ten days, and it is alleged that he has eloped with a dining room girl.

Brainerd has a new daily newspaper, the Dispatch. While the weekly papers are lamenting over "one more unfortunate" the Dispatch may live, grow and prosper.—Princeton Union.

Miss Minnie Hennings, of Cannon Falls, was refused a diploma by President of the St. Cloud Normal because she had engaged in a little flirtation with the members of a basket ball team which visited St. Cloud last winter, and the normal board stood at the president's back. Tough luck.

The Daily Dispatch, is the latest baby. Editors Ingersoll and Wieland are its parents and Brainerd its home. It is a lusty, good-looking youngster; has a pretty new dress, is interesting and amiable. Its parents have every reason to be proud of it, though what on earth they wanted with a kid that had to be born again every day is beyond our ken.—Alexandria Post-News.

The directors of the Aitkin County Agricultural and Stock Breeders' Association met a few days ago to consider the date of holding the fair. After discussion it was decided to hold a three days' fair this year, and the dates were fixed on September 11, 12 and 13.—Aitkin Republican.

J. E. Vincent left for Becker county again on Tuesday, to conclude the deal for the sale of his lands there. He is closing out up there at a good figure and will invest quite extensively in Cass county dirt, of which he already has a pretty good sample.—Pillager Post.

Capt. Reed, president of the Duluth, St. Cloud, Glencoe & Mankato R'y Co., has been in the city today and conferred with business and professional men, meeting this afternoon with the business committee of the commercial club. He is quite sanguine of the success of the project he has under way.—Albert Lea Tribune.

"Billy" Wolsey—The newspaper report that the Third regiment marched from Milaca to Brainerd, is erroneous. I found on a visit to Brainerd this week, that the regiment had marched only from Milaca to the driving dark—which is somewhat different from the first report sent out that the regiment walked through to Brainerd.—St. Cloud Journal Press.

The Northern Water Power company recently incorporated with a capitalization of \$50,000 will assist in the work of getting the logs down to the sawmills in this city. The company has been organized to assist the Mississippi & Rum River Boom company, and it will build dams in the Mississippi river and its tributaries above Brainerd for the purpose of maintaining a sufficient head of water to float the logs at all seasons of the year.—Minneapolis Times.

Relieved by Death.

Death has saved David Blunt from the law. Late Saturday night he passed away at St. Luke's hospital, where he was lying ill from general break-down, says the Duluth Herald. Blunt was 76 years of age and was arrested for perjury at Walker last March, it being said that he had misrepresented certain homestead matters. He was indicted by the grand jury here for that crime, and his trial was to have come up in May, but when that time came he was suffering from a severe attack of pneumonia, and although he recovered, soon after he had a general break-down and ultimately died. It is said that old age was the cause of his death, but the fact of his arrest undoubtedly hastened it. Blunt always said that he intended to do no wrong when he made the representations for which he was called to account. A brother of Blunt's residing in Grand Rapids was telegraphed for and was expected to arrive today.

Blunt first filed on a piece of land at Crookston and again misrepresented matters to the land department and filed again at St. Cloud, using his homestead rights twice.

ANNOUNCEMENT!

THE CITY MEAT MARKET

Weather.

Generally fair tonight and Wednesday.

LOCAL NEWS NOTES.

Master Mechanic Bean has returned from Afton, Ia.

O. E. Bailey, of Bemidji, was in the city last evening on business.

C. E. Yeoman, Minneapolis, is in the city on land business.

A baby girl was born this morning to Mr. and Mrs. Joseph Cossett.

E. P. Bacon, of Pillager, is a guest in the city.

Charles Flagley, of Aitkin, is a guest in the city today on business.

Miss Eda Graaf has returned from Lake Minnetonka, where she visited for a short time.

C. N. Parker has gone to Mt. Clemens, Mich., where he will spend a month or so resting up.

Dr. Camp made a flying trip to Staples last evening on professional business.

A. F. McGinnis and George Stratton left this afternoon for Gull Lake on business.

Miss Blanche Coventry has returned to her home in this city from Macalaster college.

R. J. Hartley has returned from Milnor where he went to look after some landed interests.

D. A. Hughesen and William LeBaron left today for Aitkin, where they will figure on some work.

The Ladies Auxiliary, of the A. O. H., will hold their annual election of officers tomorrow evening.

Manager Paul Haight left last night for St. Cloud and Little Falls in the interest of the Scranton schools.

Dispatch and accuracy is a rare combination behind a prescription counter. Let us give you a trial. H. P. Dunn & Co. 12-6

Efforts are being made by the band boys to reorganize and a meeting will be held in a few nights for that purpose.

Mrs. Jennie Decker, of Havre, Mont., arrived in the city yesterday to visit Mr. and Mrs. E. W. Jennings.

County Treasurer Nelson and Judge of Probate Tift, of McLeod county, were guests in the city this morning.

The new dynamo for the electric light plant has arrived and is being unloaded today. It will be put into position at once.

Miss Coates, St. Cloud, passed through the city this morning en route to her home after an extensive visit at Fargo.

Mrs. Moulder, of Minneapolis, arrived in the city this morning to visit for a short time with her daughter, Mrs. G. F. Mitchell.

The fire department was called out last night about 9 o'clock to quench a small blaze at a small shack at the rear of A. Moberg's house.

G. Matte, of St. Mathias, was in the city today and he is telling some of his friends about the arrival of a fourteen pound boy born at his home on June 11.

Mr. and Mrs. George Hepperly, of Salt Lake City, have arrived to visit with Mrs. Hepperly's father, J. A. Bixby, of the town of Oak Lawn.

Rev. Roderick J. Mooney and wife left today for Duluth to attend the Episcopal convocation of the Duluth diocese, and will return Friday.

Samuel E. Sprague, general adjuster of the Commercial Union Insurance Company, is in the city adjusting the loss on the residence of A. H. Bennett.

The many friends of Charles Hagerberg will be pained to learn that he had been removed to the N. P. Sanitarium suffering with a sore foot. It was reported that an amputation might be necessary, but this is not now thought necessary by the physicians.

N. W. Paine and George McCullough left last night for Minneapolis, where they will attend the Grand Lodge meeting of the Odd Fellows. Miss Nichols went down to represent the Rebekahs from this city.

Why be without a camera when they are being closed out at such extremely low prices at H. P. Dunn & Co's emporium. 12-6

Rev. L. J. Jerdee, of Minneapolis, will lecture on "Spiritualism" in the Norwegian Danish Lutheran church, at the corner of Oak and Tenth Sts., Wednesday evening June 11, at 8 o'clock.

On Sunday evening next Prof. F. M. Lenkor, D. D., will lecture in the Nor-Danish Lutheran church in the English language. In the forenoon Rev. Falk will hold services at the farm of P. A. Stendal's. All are cordially invited to attend.

Jack Burns will leave shortly for Fosston, where he will take in the races, entering his green colt "Minnie Wood." "Greenleaf," Justin Gray's horse, will also go out on the circuit and will probably come home with some honors.

When it comes to bluffs there is no mistaking that Sheriff Erickson stands ace high, and some of the results which have transpired in recent days and the incidents attached thereto indicate that Ole is a past master and should be given a leather medal. Last week he was sent down to the Twin Cities "to get someone" unless a settlement could be effected. The astute sheriff dug up his man and went at him with a vengeance and in the first round he had him up against the ropes, and finally he had just to speak to the fellow and he would sidestep like a bantam rooster in a fight with a game cock. It seems the man owed someone in Brainerd, and Ole went at him right. The man hadn't a cent but he skirmished around and a friend of his, who is in the penny-in-the-slot business, dug up two large sacks of coppers and handed them over to Mr. Sheriff. Then Ole was in a pickle. He did not want to go down the street without one of the men went with him as he was afraid the police force would run him in on the charge of breaking a bank. He got the coin changed into bills however, and let his man go.

CURBSTONE CHAT.

G. Matte: I never saw the crops looking better than at present. The recent rains have been great.

Prof. Torrens: Talk about fishing. Well, what's the use. But really White Fish Lake beats anything in the country.

R. J. Hartley: I have returned from Milnor, N. D., where I went to look after my farming interests. I have about 1,200 acres of crop in this year and it all looks fine. People in North Dakota think this will be a banner year.

Chief of Police Nelson: Last night it will be noticed that the ordinance passed changing the time somewhat in the ordinance which regulates the dumping of refuse and debris in alleys and on sidewalks by merchants in the city. Immediately after the publication of the ordinance it will be in force and I am going to see to it that every merchant in the city abides by its mandates. Instead of being given twenty-four hours as heretofore in which to remove this debris the council has now made it four hours and I wish every merchant in the city would take notice of this change.

Casher LaBar: A circular has recently been sent out by the treasury department relating to the redemption of documentary and proprietary stamps. Unused documentary and proprietary stamps, issued under the provisions of the "War Revenue Act," approved June 13, 1898, for which the owners have no use, may be redeemed, but in all cases there will be deducted the percentage, if any, allowed the purchaser. Application for the redemption of such stamps should be made to the collector of internal revenue from whom the same were purchased, who will supply the applicant with Form 38 and necessary instructions relative to the preparation of his claim.

With tanned faces and pockets full of money, the Third Regiment band and Companies A and C reached home last evening after their practice march from Milaca to Brainerd. Notwithstanding the weather, every man in the regiment seemed to enjoy themselves, especially when the paymaster distributed \$9,000 through the regiment before it disbanded at Brainerd. All the men seemed to regret that the regiment could not have been brought here for the purpose of disbanding.—Duluth Herald.

Neighborhood Gossip.

City Editor Grimmer, of the Journal Press, thinks St. Cloud has a sure find in Hammerel as a pitcher. Young Hammerel's home is in St. Cloud but he has been attending the Minnesota University and is an athlete from the word go.

Fargo has a real live, hot-from-the-wire sensation. Dr. Evans, who is assistant county physician, has left his wife, a bride of ten days, and it is alleged that he has eloped with a dining room girl.

Brainerd has a new daily newspaper, the Dispatch. While the weekly papers are lamenting over "one more unfortunate" the Dispatch may live, grow and prosper.—Princeton Union.

Miss Minnie Hennings, of Cannon Falls, was refused a diploma by President of the St. Cloud Normal because she had engaged in a little flirtation with the members of a basket ball team which visited St. Cloud last winter, and the normal board stood at the president's back. Tough luck.

The Daily Dispatch, is the latest baby. Editors Ingersoll and Wieland are its parents and Brainerd its home. It is a lusty, good-looking youngster; has a pretty new dress, is interesting and amiable. Its parents have every reason to be proud of it, though what on earth they wanted with a kid that had to be born again every day is beyond our ken.—Alexandria Post-News.

The directors of the Aitkin County Agricultural and Stock Breeders' Association met a few days ago to consider the date of holding the fair. After discussion it was decided to hold a three days' fair this year, and the dates were fixed on September 11, 12 and 13.—Aitkin Republican.

J. E. Vincent left for Becker county again on Tuesday, to conclude the deal for the sale of his lands there. He is closing out up there at a good figure and will invest quite extensively in Cass county dirt, of which he already has a pretty good sample.—Pillager Post.

Capt. Reed, president of the Duluth, St. Cloud, Glencoe & Mankato R'y Co., has been in the city today and conferred with business and professional men, meeting this afternoon with the business committee of the commercial club. He is quite sanguine of the success of the project he has under way.—Albert Lea Tribune.

"Billy" Wolsey—The newspaper report that the Third regiment marched from Milaca to Brainerd, is erroneous. I found on a visit to Brainerd this week, that the regiment had marched only from Milaca to the driving park—which is somewhat different from the first report sent out that the regiment walked through to Brainerd.—St. Cloud Journal Press.

The Northern Water Power company recently incorporated with a capitalization of \$50,000 will assist in the work of getting the logs down to the sawmills in this city. The company has been organized to assist the Mississippi & Rum River Boom company, and it will build dams in the Mississippi river and its tributaries above Brainerd for the purpose of maintaining a sufficient head of water to float the logs at all seasons of the year.—Minneapolis Times.

Relieved by Death.

Death has saved David Blunt from the law. Late Saturday night he passed away at St. Luke's hospital, where he was lying ill from general break-down, says the Duluth Herald. Blunt was 76 years of age and was arrested for perjury at Walker last March, it being said that he had misrepresented certain homestead matters. He was indicted by the grand jury here for that crime, and his trial was to have come up in May, but when that time came he was suffering from a severe attack of pneumonia, and although he recovered, soon after he had a general break-down and ultimately died. It is said that old age was the cause of his death, but the fact of his arrest undoubtedly hastened it. Blunt always said that he intended to do no wrong when he made the representations for which he was called to account. A brother of Blunt's residing in Grand Rapids was telegraphed for and was expected to arrive today.

Blunt first filed in a piece of land at Crookston and again misrepresented matters to the land department and filed again at St. Cloud, using his homestead rights twice.

Front Street Opposite Y. M. C. A. Building.

CITY FATHER'S USUAL GRIND.

Regular Semi-Monthly Meeting of
City Council Held
Last Evening.

WHERE THOSE BONDS COME IN. Mayor Halsted Declares There is No Ordinance Regulating Sunday Closing.

A meeting of the city council was held last evening in chambers, President Edward Crust presiding. The following aldermen were present: Messrs. Halladay, Gardner, Erickson, Rowley, Fogelstrom, Doran and Wright.

The financial report of City Clerk Low for the month of May was received, accepted and placed on file. The receipts for the month are:

Electric light collections	\$1,436 00
Municipal Court	238 15
Licenses	1,500 00
Bicycle tags	310 00
Total	\$3,484 15

The disbursements for the month were as follows:

City expense	\$1,256 37
Fire protection	207 60
Streets, sidewalks and bridges	2,089 05
Printing	97 27
Bicycle paths	381 79
Electric light fund	878 53
Total	\$4,910 61

There was considerable discussion when the bill for eatables at the pest house was presented. There were many items on the bill which Alderman Rowley thought too delicate for the palate of the average sick man. The law on the question was asked and the city attorney stated that the power rested entirely with Dr. J. A. Thabes, health officer, regarding the purchase of goods for a pest house and the council is compelled to pay the bill. The members of the council decided it would be a good thing to caution the health officer. The bill was referred to the committee on health, sewerage and police, with instructions to interview Dr. Thabes on the matter.

The superintendent of electric lights presented a statement of lights used by the city during the five months ending June 1. The total expenditure amounted to \$764.80. He stated this amount was credited to the electric light plant and charged to the general fund.

The bill of the Minnesota Water Works Company for hydrant rent up to July 1, for \$2,800 was presented. The bill was rejected as the council felt it was a little premature. It was also intimated by Alderman Wright that it would be a good time in the game to insist on the company's extending the water mains asked for.

The committee consisting of Aldermen Erickson, Wright and Rowley appointed to interview the mayor regarding the closing of saloons on Sundays, reported that the mayor stated that he had never given orders to have saloons closed. The mayor also informed the committee that there is no city ordinance covering this point. The committee, however, referred the council to ordinance No. 13. The report of the committee was accepted and placed on file.

The city street signs, which were recently put up on the street corners, came in for a great deal of discussion. The committee which the matter was referred to recently, consisting of Aldermen Fogelstrom, Rowley and Erickson, reported they had found the signs made according to contract and recommended the same be accepted and the contract price be allowed. After much discussion in which Alderman Wright led the opposition the report was accepted and the bill for the making of the signs and putting the same up was allowed.

The committee to which was referred the petition of several property holders of East Brainerd asking for four arc lights made its report and recommended that the

petition be granted. The report was accepted.

Alderman Halladay reported that the work of shingling the electric light building had commenced.

City Attorney Crowell reported on the petition that was referred to him which prayed for the opening of an alley in Block 183. He stated that he had interviewed the property holders but failed to come to any agreement with them. He stated the only way that an alley could be put through the block would be by condemnation proceedings. The city attorney stated he was ready to commence the proceedings if instructed so to do by the council. He stated that it would be a very expensive operation.

It seems that the petition was granted at one time and last night another petition was presented, signed by a large number of residents of the block, asking that the petition be reconsidered. Attorney S. F. Alderman representing the tax payers on this petition addressed the council at length in favor of reconsidering the same. On motion the petition was reconsidered.

The committee to which was referred the petition for a proposed road or street between Oak Lawn and the city of Brainerd recommended that no action be taken in the matter at the present time. The report was accepted and placed on file.

The committee to which was referred the matter of widening the sidewalk on Seventh street recommended that the ordinance be amended widening the same from 10 to 12 feet. The report was, on motion, accepted and placed on file.

The communication from President Tighe, of the Minnesota Water Works Company, stating that repairs had been made to water works, hydrants located and extensions made as requested, were referred to the chief of the fire department.

The ordinance providing that the time for allowing garbage and all other material on all property and alleys within the fire limits be changed from 24 to 4 hours passed its second reading and was adopted.

J. P. Barney submitted a proposition for paving Seventh street from Front street to Laurel avenue, at a cost of \$1870. The proposition was on motion laid on the table.

The petition of several citizens in East Brainerd praying that saloons be closed on Sunday was referred to Mayor Halsted.

The street commissioner was instructed to remove all ties of the old street car line from the south end of Sixth street to Anderson's mill.

The matter of a pound came up again and the committee recently appointed was authorized to do what it can to get a location.

City Attorney Crowell reported on the matter of the \$40,000 bonds which were flashed into the face of the mayor of the city some time ago.

At that time they came as a sort of surprise, but of course caused no apprehension. It has been found that the bonds referred to by R. S. Kean, representing the Central Trust company, New York, are the old bonds of the Brainerd Power & Light company and a mortgage on the plant, which the city at the time of the purchase of the same, agreed to pay and subsequent to the purchase of the plant by the city the state legislature passed a law making all acts of the city council or city officers in connection with the purchase of the plant legal, valid and binding.

A great many people may think that this \$40,000 is something extra, but this is not the case, as the city never assumed any bonds at the time the plant was purchased, except the mortgage on the plant and this is what Mr. Kean, of the Central Trust company was trying to get at when he wrote the mayor. As was intimated last night, Mr. Kean must have felt like thirty cents when he was informed in the first communication from the city that his bonds were not worth the paper they were written on.

Alderman Wright moved that a large stamp be procured and that all

the rubber coats belonging to the fire department be stamped on the back with red letters: "B. F. B." The motion carried, but Alderman Fogelstrom got in a side drive at Alderman Wright, who had made such a kick at the opening of the meeting over the fact that the street signs had not been constructed according to sample. Mr. Fogelstrom jokingly asked if a sample would be furnished for painting the letters on the back of the coats.

The matter of repairing the central hose house came up and on motion of Alderman Wright it was decided to refer the matter to the fire committee with power to act. The matter was discussed at length and it was the advice of the council that the building be raised, a new roof put over the same and that two coats of paint be administered on the exterior.

Alderman Wright also moved that the city attorney prepare an ordinance to repeal ordinance No. 139. This will reduce the amount of circus licenses from \$200 to \$50. The motion was carried.

Motion was made that the street committee, in conjunction with the city attorney, prepare new plans and specifications for the macadamizing Seventh street. The motion carried. Council adjourned.

EDITORS LEAVE CHICAGO.

A Word from Editor N. H. Ingersoll. Sent from the Windy City—A Large Party.

The following line was received last night from Editor N. H. Ingersoll, dated Chicago, June 16:

"Editorial party arrived over Milwaukee road at 7:30—2 hours ahead of schedule time. Breakfast here and leave at 11:45 for Buffalo over Grand Trunk. There are 234 people in party not including Gov. Van Sant and staff. All well and no accident."

TO RAISE FUNDS.

The Canvass for the Y. M. C. A. Will Commence Tomorrow with Vigor.

Secretary Wilhelm, of the Y. M. C. A., and the finance committee will tomorrow start in on a canvass of the city for subscriptions to increase the funds for maintaining the Y. M. C. A. for the year.

The funds collected, or in hand, at one time were adequate but instead of maintaining an account for current expenses the money was used to put in a new heating plant. The city has not been canvassed for several years and Secretary Wilhelm feels that there should be a liberal response.

Many improvements are to be made at the "Y" but Secretary Wilhelm wants it understood that the money which will be raised on the present canvass will not be used at all in this line. The money now to be raised is for the current expenses for the year.

For Sale Cheap.

Houses and Lots, or acre farms, teams, wagons, bicycles, baby buggies and cook stoves. Fresh cows for sale or trade for beef; one fine Durham bull. Wm. Price, 411 13th St. S. E. Brainerd 13 2t.

HE GOT HIS NAME.

A Warrant Issued For The Arrest Of F. W. Hall Charged With Blocking Crossings.

O. G. Graham, the water man, got the name of the man who had charge of the log train which blocked First street a few days ago and kept him waiting for about fifteen or twenty minutes, and yesterday he had a warrant sworn out for the man's arrest.

The complaint is made against F. W. Hall and he will be held and tried under the city ordinance regulating the time that trains are supposed to stop on the crossings, when not actually engaged in doing work.

Palatable liquids, cool and refreshing, from our soda fountains. Try them. H. P. Dunn & Co. 12 6

A nice cool and refreshing drink or delicious ice cream soda at the Owl Pharmacy.

WIFE AGAINST HUSBAND.

Mrs. F. D. Kennedy Makes Complaint Against her Husband Charging Drunkenness.

The household of the Kennedy's is in a vale of tears and the shroud of domestic felicity has been rent from cellar to dome.

The astute and obdurate husband has of late been tempted to frequent booze joints too often to suit his wife and she has finally resorted to the protection of the law and has lodged against him the complaint of drunkenness. This morning Mr. Kennedy was before his honor, Judge Mantor, but there were no witnesses and a continuance was asked for and the case was postponed to Friday afternoon at 3 o'clock. In all probability the records of the family will be aired at that time. Great gobs of harmony have not been known to hover in the air about the home for some time, it is said.

HUNDREDS WILL ATTEND.

The Picnic of the Northern Pacific Railroad Employees at Deerwood will be a Success.

The committee who has in charge the arrangements for the employees picnic, of the Northern Pacific, is meeting with great success and the prospects are good for the largest attendance since the inauguration of these pleasant pastimes.

The program is being prepared and it will consist of sports of all kinds and will not only be interesting but will be amusing in the extreme.

BASE BALL.

The Locals Have a Game On For Sunday Afternoon With The Georgia Minstrel Team.

Manager Lagerquist has made arrangements for a game of base ball on Sunday afternoon at the Swartz driving park with the team made up from the members of Georgia's minstrels. The last named team is said to be a good one and the cities the company visits always has a game.

The Brainerd team has also arranged for a game with the St. Cloud team at St. Cloud one week from Sunday.

EPISCOPAL CONVENTION.

Large Number of Delegates And Others Pass Through the City Enroute to Duluth.

The noon trains today brought in quite a number of delegates and rectors who were enroute to the convention of the Episcopal church to be held at Duluth tomorrow and Thursday. From this city there will be a good attendance. Rev. and Mrs. Roderick Maoney left this noon.

Mrs. Mooney and Mrs. W. H. Gemmel will read papers before the Woman's Auxiliary on Thursday.

All the parishes and missions of the district, which comprises the northern two-thirds of the state, are expected to be represented by their clergymen and delegates.

There will be a communion service at 9 o'clock tomorrow morning, to which all members of the parish are invited. At the close of this service the convention will be called to order by Bishop Morrison, and will be in session during the day. At 8 o'clock in the evening there will be a missionary meeting, to which all are cordially invited. It is expected that this meeting will be especially interesting, as the Rt. Rev. G. Mott Williams, Bishop of Marquette, is to be the principal speaker.

The Woman's auxiliary will hold its session in St. Paul's church on Thursday.

Proposals for Park Opera House.

The undersigned will receive sealed bids marked "proposal for Park Opera House" until 12 o'clock noon on June 25, 1901, for work and material required in the erection and completion of a brick and stone opera house to be about 60 x 112. Building to be completed not later than Oct. 1, 1901.

Each bid must be accompanied by a certified check or bank draft in amount of \$250.

Surety bond required from successful bidder. Plans and specifications may be seen at the office of J. J. Wangenstein, architect, Duluth, Minn.; Builder's Exchange, St. Paul, Minn.; and at office of Secretary, Brainerd, Minn.

The Association reserves the right to reject any and all bids. GEO. D. LABAR, Secretary Park Opera House Ass'n, Brainerd, Minn.

CITY FATHER'S USUAL GRIND.

Regular Semi-Monthly Meeting of
City Council Held
Last Evening.

WHERE THOSE BONDS COME IN.

Mayor Halsted Declares There is
No Ordinance Regulating
Sunday Closing.

A meeting of the city council was held last evening in chambers, President Edward Crust presiding. The following aldermen were present: Messrs. Halladay, Gardner, Erickson, Rowley, Fogelstrom, Doran and Wright.

The financial report of City Clerk Low for the month of May was received, accepted and placed on file. The receipts for the month are:

Electric light collections	\$1,436 00
Municipal Court	238 15
Licenses	1,500 00
Bicycle tags	310 00

Total..... \$3,484 15

The disbursements for the month were as follows:

City expense	\$1,256 37
Fire protection	207 60
Streets, sidewalks and bridges	2,089 05
Printing	97 27
Bicycle paths	381 79
Electric light fund	878 53

Total..... \$4,910 61

There was considerable discussion when the bill for eatables at the pest house was presented. There were many items on the bill which Alderman Rowley thought too delicate for the palate of the average sick man. The law on the question was asked and the city attorney stated that the power rested entirely with Dr. J. A. Thabes, health officer, regarding the purchase of goods for a pest house and the council is compelled to pay the bill. The members of the council decided it would be a good thing to caution the health officer. The bill was referred to the committee on health, sewerage and police, with instructions to interview Dr. Thabes on the matter.

The superintendent of electric lights presented a statement of lights used by the city during the five months ending June 1. The total expenditure amounted to \$764.80. He stated this amount was credited to the electric light plant and charged to the general fund.

The bill of the Minnesota Water Works Company for hydrant rent up to July 1, for \$2,800 was presented. The bill was rejected as the council felt it was a little premature. It was also intimated by Alderman Wright that it would be a good time in the game to insist on the company's extending the water mains asked for.

The committee consisting of Aldermen Erickson, Wright and Rowley appointed to interview the mayor regarding the closing of saloons on Sundays, reported that the mayor stated that he had never given orders to have saloons closed. The mayor also informed the committee that there is no city ordinance covering this point. The committee, however, referred the council to ordinance No. 13. The report of the committee was accepted and placed on file.

The city street signs, which were recently put upon the street corners, came in for a great deal of discussion. The committee which the mayor was referred to recently, consisting of Aldermen Fogelstrom, Rowley and Erickson, reported they had found the signs made according to contract and recommended the same be accepted and the contract price be allowed. After much discussion in which Alderman Wright led the opposition the report was accepted and the bill for the making of the signs and putting the same up was allowed.

The committee to which was referred the petition of several property holders of East Brainerd asking for four arc lights made its report and recommended that the

petition be granted. The report was accepted.

Alderman Halladay reported that the work of shingling the electric light building had commenced.

City Attorney Crowell reported on the petition that was referred to him which prayed for the opening of an alley in Block 183. He stated that he had interviewed the property holders but failed to come to any agreement with them. He stated the only way that an alley could be put through the block would be by condemnation proceedings. The city attorney stated he was ready to commence the proceedings if instructed so to do by the council. He stated that it would be a very expensive operation.

It seems that the petition was granted at one time and last night another petition was presented, signed by a large number of residents of the block, asking that the petition be reconsidered. Attorney S. F. Alderman representing the tax payers on this petition addressed the council at length in favor of reconsidering the same. On motion the petition was reconsidered.

The committee to which was referred the petition for a proposed road or street between Oak Lawn and the city of Brainerd recommended that no action be taken in the matter at the present time. The report was accepted and placed on file.

The committee to which was referred the matter of widening the sidewalk on Seventh street recommended that the ordinance be amended widening the same from 10 to 12 feet. The report was, on motion, accepted and placed on file.

The communication from President Tighe, of the Minnesota Water Works Company, stating that repairs had been made to water works, hydrants located and extensions made as requested, were referred to the chief of the fire department.

The ordinance providing that the time for allowing garbage and all other material on all property and alleys within the fire limits be changed from 24 to 4 hours passed its second reading and was adopted.

J. P. Barney submitted a proposition for paving Seventh street from Front street to Laurel avenue, at a cost of \$1870. The proposition was on motion laid on the table.

The petition of several citizens in East Brainerd praying that saloons be closed on Sunday was referred to Mayor Halsted.

The street commissioner was instructed to remove all ties of the old street car line from the south end of Sixth street to Anderson's mill.

The matter of a pound came up again and the committee recently appointed was authorized to do what it can to get a location.

City Attorney Crowell reported on the matter of the \$40,000 bonds which were flashed into the face of the mayor of the city some time ago.

At that time they came as a sort of surprise, but of course caused no apprehension. It has been found that the bonds referred to by R. S. Kean, representing the Central Trust company, New York, are the old bonds of the Brainerd Power & Light company and a mortgage on the plant, which the city at the time of the purchase of the same, agreed to pay and subsequent to the purchase of the plant by the city the state legislature passed a law making all acts of the city council or city officers in connection with the purchase of the plant legal, valid and binding.

A great many people may think that this \$40,000 is something extra, but this is not the case, as the city never assumed any bonds at the time the plant was purchased, except the mortgage on the plant and this is what Mr. Kean, of the Central Trust company was trying to get at when he wrote the mayor. As was intimated last night, Mr. Kean must have felt like thirty cents when he was informed in the first communication from the city that his bonds were not worth the paper they were written on.

Alderman Wright moved that a large stamp be procured and that all

the rubber coats belonging to the fire department be stamped on the back with red letters: "B. F. B." The motion carried, but Alderman Fogelstrom got in a side drive at Alderman Wright, who had made such a kick at the opening of the meeting over the fact that the street signs had not been constructed according to sample. Mr. Fogelstrom jokingly asked if a sample would be furnished for painting the letters on the back of the coats.

The matter of repairing the central hose house came up and on motion of Alderman Wright it was decided to refer the matter to the fire committee with power to act. The matter was discussed at length and it was the advice of the council that the building be raised, a new roof put over the same and that two coats of paint be administered on the exterior.

Alderman Wright also moved that the city attorney prepare an ordinance to repeal ordinance No. 139. This will reduce the amount of circus licenses from \$200 to \$50. The motion was carried.

Motion was made that the street committee, in conjunction with the city attorney, prepare new plans and specifications for the macadamizing Seventh street. The motion carried. Council adjourned.

The mayor also informed the committee that there is no city ordinance covering this point. The committee, however, referred the council to ordinance No. 13. The report of the committee was accepted and placed on file.

The city street signs, which were recently put upon the street corners, came in for a great deal of discussion. The committee which the matter was referred to recently, consisting of Aldermen Fogelstrom, Rowley and Erickson, reported they had found the signs made according to contract and recommended the same be accepted and the contract price be allowed. After much discussion in which Alderman Wright led the opposition the report was accepted and the bill for the making of the signs and putting the same up was allowed.

The committee to which was referred the petition of several property holders of East Brainerd asking for four arc lights made its report and recommended that the

petition be granted. The report was accepted.

Alderman Halladay reported that the work of shingling the electric light building had commenced.

City Attorney Crowell reported on the petition that was referred to him which prayed for the opening of an alley in Block 183. He stated that he had interviewed the property holders but failed to come to any agreement with them. He stated the only way that an alley could be put through the block would be by condemnation proceedings. The city attorney stated he was ready to commence the proceedings if instructed so to do by the council. He stated that it would be a very expensive operation.

It seems that the petition was granted at one time and last night another petition was presented, signed by a large number of residents of the block, asking that the petition be reconsidered. Attorney S. F. Alderman representing the tax payers on this petition addressed the council at length in favor of reconsidering the same. On motion the petition was reconsidered.

The committee to which was referred the petition for a proposed road or street between Oak Lawn and the city of Brainerd recommended that no action be taken in the matter at the present time. The report was accepted and placed on file.

The committee to which was referred the matter of widening the sidewalk on Seventh street recommended that the ordinance be amended widening the same from 10 to 12 feet. The report was, on motion, accepted and placed on file.

The communication from President Tighe, of the Minnesota Water Works Company, stating that repairs had been made to water works, hydrants located and extensions made as requested, were referred to the chief of the fire department.

The ordinance providing that the time for allowing garbage and all other material on all property and alleys within the fire limits be changed from 24 to 4 hours passed its second reading and was adopted.

J. P. Barney submitted a proposition for paving Seventh street from Front street to Laurel avenue, at a cost of \$1870. The proposition was on motion laid on the table.

The petition of several citizens in East Brainerd praying that saloons be closed on Sunday was referred to Mayor Halsted.

The street commissioner was instructed to remove all ties of the old street car line from the south end of Sixth street to Anderson's mill.

The matter of a pound came up again and the committee recently appointed was authorized to do what it can to get a location.

City Attorney Crowell reported on the matter of the \$40,000 bonds which were flashed into the face of the mayor of the city some time ago.

At that time they came as a sort of surprise, but of course caused no apprehension. It has been found that the bonds referred to by R. S. Kean, representing the Central Trust company, New York, are the old bonds of the Brainerd Power & Light company and a mortgage on the plant, which the city at the time of the purchase of the same, agreed to pay and subsequent to the purchase of the plant by the city the state legislature passed a law making all acts of the city council or city officers in connection with the purchase of the plant legal, valid and binding.

A great many people may think that this \$40,000 is something extra, but this is not the case, as the city never assumed any bonds at the time the plant was purchased, except the mortgage on the plant and this is what Mr. Kean, of the Central Trust company was trying to get at when he wrote the mayor. As was intimated last night, Mr. Kean must have felt like thirty cents when he was informed in the first communication from the city that his bonds were not worth the paper they were written on.

Alderman Wright moved that a large stamp be procured and that all

the rubber coats belonging to the fire department be stamped on the back with red letters: "B. F. B." The motion carried, but Alderman Fogelstrom got in a side drive at Alderman Wright, who had made such a kick at the opening of the meeting over the fact that the street signs had not been constructed according to sample. Mr. Fogelstrom jokingly asked if a sample would be furnished for painting the letters on the back of the coats.

The matter of repairing the central hose house came up and on motion of Alderman Wright it was decided to refer the matter to the fire committee with power to act. The matter was discussed at length and it was the advice of the council that the building be raised, a new roof put over the same and that two coats of paint be administered on the exterior.

Alderman Wright also moved that the city attorney prepare an ordinance to repeal ordinance No. 139. This will reduce the amount of circus licenses from \$200 to \$50. The motion was carried.

Motion was made that the street committee, in conjunction with the city attorney, prepare new plans and specifications for the macadamizing Seventh street. The motion carried. Council adjourned.

EDITORS LEAVE CHICAGO.

A Word from Editor N. H. Ingersoll. Sent from the Windy City...A

Large Party.

The following line was received last night from Editor N. H. Ingersoll, dated Chicago, June 16:

"Editorial party arrived over Milwaukee road at 7:30—2 hours ahead of schedule time. Breakfast here and leave at 11:45 for Buffalo over Grand Trunk. There are 234 people in party not including Gov. VanSant and staff. All well and no accident."

TO 'RAISE FUNDS.

The Canvass for the Y. M. C. A. Will Commence Tomorrow with Vigor.

Secretary Wilhelm, of the Y. M. C. A., and the finance committee will tomorrow start in on a canvass of the city for subscriptions to increase the funds for maintaining the Y. M. C. A. for the year.

The funds collected, or in hand, at one time were adequate but instead of maintaining an account for current expenses the money was used to put in a new heating plant. The city has not been canvassed for several years and Secretary Wilhelm feels that there should be a liberal response.

Many improvements are to be made at the "Y" but Secretary Wilhelm wants it understood that the money which will be raised on the present canvass will not be used at all in this line. The money now to be raised is for the current expenses for the year.

For Sale Cheap.

Houses and Lots, or acre farms, teams, wagons, bicycles, baby buggies and cook stoves. Fresh cows for sale or trade for beef; one fine Durham bull. WM. PRICE, 411 13th St. S. E. Brainerd 13 2t.

HE GOT HIS NAME.

A Warrant Issued For The Arrest Of F. W. Hall Charged With Blocking Crossings.

O. G. Graham, the water man, got the name of the man who had charge of the log train which blocked First street a few days ago and kept him waiting for about fifteen or twenty minutes, and yesterday he had a warrant sworn out for the man's arrest.

The complaint is made against F. W. Hall and he will be held and tried under the city ordinance regulating the time that trains are supposed to stop on the crossings, when not actually engaged in doing work.

Palatable liquids, cool and refreshing, from our soda fountains. Try them. H. P. Dunn & Co. 12-6

A nice cool and refreshing drink or delicious ice cream soda at the Owl Pharmacy.

WIFE AGAINST HUSBAND.

Mrs. F. D. Kennedy Makes Complaint Against her Husband Charging Drunkenness.

The household of the Kennedy's is in a vale of tears and the shroud of domestic felicity has been rent from cellar to dome.

The astute and obdurate husband has of late been tempted to frequent booze joints too often to suit his wife and she has finally resorted to the protection of the law and has lodged against him the complaint of drunkenness. This morning Mr. Kennedy was before his honor, Judge Mantor, but there were no witnesses and a continuance was asked for and the case was postponed to Friday afternoon at 3 o'clock. In all probability the records of the family will be aired at that time. Great globs of harmony have not been known to hover in the air about the home for some time, it is said.

HUNDREDS WILL ATTEND.

The Picnic of the Northern Pacific Railroad Employees at Deerwood will be a Success.

The committee who has in charge the arrangements for the employees picnic, of the Northern Pacific, is meeting with great success and the prospects are good for the largest attendance since the inauguration of these pleasant pastimes.

The program is being prepared and it will consist of sports of all kinds and will not only be interesting but will be amusing in the extreme.

BASE BALL.

The Locals Have a Game On For Sunday Afternoon With The Georgia Minstrel Team.

Manager Lagerquist has made arrangements for a game of base ball on Sunday afternoon at the Swartz driving park with the team made up from the members of Georgia's minstrels. The last named team is said to be a good one and the cities the company visits always has a game.

The Brainerd team has also arranged for a game with the St. Cloud team at St. Cloud one week from Sunday.

EPISCOPAL CONVENTION.

Large Number of Delegates And Others Pass Through the City Enroute to Duluth.

The noon trains today brought in quite a number of delegates and rectors who were enroute to the convention of the Episcopal church to be held at Duluth tomorrow and Thursday. From this city there will be a good attendance. Rev. and Mrs. Roderick Maoney left this noon.

Mrs. Mooney and Mrs. W. H. Gemmel will read papers before the Woman's Auxiliary on Thursday.

All the parishes and missions of the district, which comprises the northern two-thirds of the state, are expected to be represented by their clergymen and delegates.

There will be a communion service at 9 o'clock tomorrow morning, to which all members of the parish are invited. At the close of this service the convention will be called to order by Bishop Morrison, and will be in session during the day. At 8 o'clock in the evening there will be a missionary meeting, to which all are cordially invited. It is expected that this meeting will be especially interesting, as the Rt. Rev. G. Mott Williams, Bishop of Marquette, is to be the principal speaker.

The Woman's auxiliary will hold its session in St. Paul's church on Thursday.

Proposals for Park Opera House.

The undersigned will receive sealed bids marked "proposal for Park Opera House" until 12 o'clock noon on June 25, 1901, for work and material required in the erection and completion of a brick and stone opera house to be about 60 x 112. Building to be completed not later than Oct. 1, 1901.

Each bid must be accompanied by a certified check or bank draft in amount of \$250.

Surety bond required from successful bidder.

Plans and specifications may be seen at the office of J. J. Wangenstein, architect, Duluth, Minn.; Builder's Exchange, St. Paul, Minn.; and at office of Secretary, Brainerd, Minn.

The Association reserves the right to reject any and all bids.

Geo. D. LABAR, Secretary Park Opera House Ass'n, Brainerd, Minn.

WON BY MACHINISTS.
Settlements Favorable to the Men Effected in Five Chicago Plants.
Chicago, June 18.—Settlements with striking machinists were effected during the day at five plants of local manufacturers, making a total of over 70 Chicago plants in which the strikers have won the fight inaugurated through the general strike of three weeks ago. Under the terms of settlement the strikers will return to work at all five shops, having been granted the 9-hour workday without a cut in the rate of wages paid per day under the 10-hour system recently abandoned. All of the firms that settled have memberships in the Chicago Machinery Manufacturers' association, two being also represented in the National Metal Trades association, the organization of the employers in the foundry trades. Out of the original 2,300 involved in the local machinists' strike only 1,600 are now out of work.

Rebels Refuse to Surrender.
Kingston, Jamaica, June 18.—Advices received here from Colombia say the rebels refuse to lay down their arms owing to the ill treatment of political prisoners by government officials. Prominent prisoners were paraded through the principal towns as a warning to Liberal sympathizers and in view of the recrudescence rebel activity in the interior the Colombian government has purchased the steamer Darien to be used as a gunboat.

Honors for Returning Troops.
London, June 18.—The correspondent of The Daily Express at Cherbourg learns that Emperor William intends to meet the returning German troops from China with a naval squadron, which will be joined at Cherbourg by President Loubet and a French squadron.

LAST OF THE CLAIMS
THE AMERICAN-CHILEAN COMMISSION HAS FINISHED ITS LABORS.
ITATA CASE IS DISMISSED

Decision in Favor of the United States and Against the Owners of the Ship. Claimant Had Already Recovered Damages From the Southern Republic—The Finding Was Not Unanimous.

Washington, June 18.—The United States and Chilean claims commission has completed its work. The last case to be decided was that involving the seizure in 1891 of the Chilean vessel Itata by the authorities of the United States on the ground that she was carrying a cargo of contraband arms to Chile. The claim was for \$244,051, with interest, and was made by the South American Steamship company, which had chartered the ship to the Chilean government. The decision dismisses the case. Minister Pioda of Switzerland, president of the commission, and Mr. Gammo, the American commissioner agreed in this view, while Minister Vicuna of Chile dissented. The commission sums its findings as follows:

"I.—That the damages alleged by the plaintiffs were not occasioned by any unjustifiable action on the part of the United States, that Itata was not pursued by the naval authorities of the United States upon the high seas into Chilean waters, induced to surrender by display of superior force and brought back under duress.

"II.—That the Itata was voluntarily placed at the disposal of the United States by the provisional government of Chile.

"III.—That there was probable cause for the detention of the Itata at San Diego by the authorities of the United States and therefore no wrong was done.

"IV.—That the claimant has brought suit in the courts of Chile against the government of Chile to recover damages upon the identical claim that here is set against the United States; the company has recovered judgment thereon and that these judgments have been paid to the company by the government of Chile. The case must therefore be dismissed."

During the sessions of the commission there have been 17 cases against Chile and 2 against the United States. The total of American claims against Chile was \$34,000, and of this \$28,062, or 84 per cent, has been awarded by the commission. The two Chilean claims against this government were the Itata case and that of Richard Trumbull, who was awarded \$3,000 for services to the United States legation in Chile in an extradition case some years ago.

DRIVE OUT THE SOONERS.

Troop of Cavalry Will Clear the Wichita Mountain Land.

Guthrie, O. T., June 18.—Captain Farrand Sayers, commanding officer at Fort Sill, O. T., acting under orders from the war department, has started with 40 cavalrymen to clear Wichita mountain land of unlawful intruders preparatory to the opening of the Kiowa and Comanche reservation. The government is determined to free the country of all "sooners" whether for the purpose of mining or otherwise.

William A. Richards, assistant commissioner of the general land office, has left for Washington, having completed the preliminaries to establishing county seats and county boundaries in the reservations to be thrown open.

THE WAYPLATT SEES IT.

Thinks Odell Will Be Re-Elected and Later Will Be President.

New York, June 18.—The Journal and Advertiser says: "It seems to me that Governor Odell will be re-elected and that he will later be president."

This was Senator Thomas C. Platt's reply to a question put to him by a Journal and Advertiser reporter as to whether Governor Odell was likely to succeed him in the senate two years hence.

"It is reported that you may resign from the senate ere your term expires."

"I have no such intention. The only fact is that I propose to retire when my term ends in 1903. The reports that I am in ill health are unfounded."

New Regiments Nearly Full.

Washington, June 18.—The new regiments organized under the reorganization law are about completed. The two regiments farthest behind are the Thirtieth cavalry at Fort Meade and the Twenty-eighth infantry at Vancouver Barracks, but the enlistments of last week amounted to over 500, and it is expected that those of the present week will practically complete all the new regiments.

Destroyed Chapel Paid For.

Washington, June 18.—A cablegram received at the state department from United States Minister Bryan at Petropolis announces that the Brazilian government has paid the indemnity requested for the destruction by a mob of a Baptist chapel in the province of Niteroi, maintained by the American Baptist mission. The Baptist Missionary society has been duly advised.

NO INTOXICATING LIQUORS.
Subsistence Department Forbidden to Purchase Them.
Washington, June 18.—The secretary of war directs the publication of the following order for the information of the army:
"No malt, vineous and spirituous liquors will be purchased by the subsistence department for any purpose. Supplies thereof needed in medical or hospital practice for use in the diet of soldiers too sick to use the army ration will be provided by the medical department."

Stolen Money Recovered.

New York, June 18.—H. M. Townsend, agent in this country of the Hong Kong and Shanghai Banking corporation, received a cable message saying that the 650,000 Mexican dollars stolen from the company on May 24 at Singapore had been recovered in Singapore. No particulars given.

Would Abolish National Guard.

Honolulu, June 7.—The senate committee in the legislature returned a report today recommending the entire abolition of the national guard. The report suggested that the military paraphernalia be put aboard a scow, towed out to sea and dumped overboard.

Record-Breaking Sugar Cargo.

San Francisco, June 18.—The steamship Hawaiian, which has arrived from Honolulu, brought the largest cargo of sugar ever sent out of the Hawaiian Islands. It consisted of 5,500 tons, valued at \$750,000.

Decorated the Soldiers' Graves.

Tien Tsin, June 18.—It being the anniversary of the beginning of the siege of Tien Tsin the ladies decorated the graves of the soldiers of all nationalities.

TELEGRAPHIC BRIEVITIES.

Fifteen people were more or less injured in a street car collision at Buffalo.

A fire on the river front at Buffalo, N. Y., destroyed over \$200,000 worth of property.

Secretary Hay has returned to Washington from Buffalo and resumed his duties at the state department.

The steamer Ophir, with the Duke and Duchess of Cornwall and York on board, has arrived at Wellington, N. Z.

The transport Pennsylvania has arrived at San Francisco from Manila with 32 officers and 810 men of the Fortieth volunteer infantry.

The Mark Lane Express, in its weekly review of the crop situation, says the effect of the past week's cold on English wheat has been decidedly prejudicial and agricultural prospects show general retrogression.

IT IS A LAND OF WONDERS.
Sir Henry Hamilton Johnson Returns From Uganda.
London, June 18.—Sir Henry Hamilton Johnson, special commissioner for the Uganda protectorate, has returned to London after an absence of two years. He brings stories of Uganda rivaling Henry M. Stanley's description of "Darkest Africa." Sir Henry relates that the country surrounding Mount Elgon is totally depopulated as a result of inter-tribal wars and is completely, marvelously stocked with big game that are as tame as English park deer. Zebras and antelope can be approached to within 10 yards and there is no sport in killing them. Elephants and rhinoceros are also abundant, and, according to Sir Henry, lions in Uganda are too busy eating hyacinths to notice a passing caravan. The prehistoric giraffe has been discovered in this country by the commissioner, who proposes to maintain the region referred to as a national park.

He photographed a race of ape men in the Congo forest, differing entirely from Stanley's pigmies, and secured phonographic records of their language and music. Sir Henry said that 12 varieties of valuable trees are found in this country in inexhaustible supply.

MONUMENTS DEDICATED.

Remarkable Ceremony Occurs at Hachenburg, Prussia.

Berlin, June 18.—A remarkable ceremony occurred at Hachenburg, Prussia, when the military attaches in Berlin, together with 55 German veteran associations, jointly celebrated the dedication of two monuments, one erected by Austria in honor of those Austrians who fell in 1796 during the war with France, and the other for French General Marceau, who was mortally wounded in a reconnaissance at Altenkirchen, in Rhine-Pfalz, Sept. 20, 1796, and died three days after.

At the dedication of these monuments the band played the "Marseillaise" and the Prussian hymn. A French attaché proposed three cheers for Emperor William and an Austrian attaché expressed his confidence in the durability of the dreibund.

The ceremony was witnessed by large numbers of German army and navy officers on the active list and high civil and military officials from a number of districts.

GETTING UNRULY.

Negroes Threaten to Kill the Whites at Jacksonville, Fla.

Jacksonville, Fla., June 18.—At a negro political meeting in the Sixth ward 100 or more negroes swore vengeance against the whites, swearing, it is said, that they would kill any white men who came into the district. They stopped two street cars that were passing and drove the motormen and conductors from their cars. The mob was dispersed by the arrival of the police in force. In the melee preceding the arrival of the police Willie Cook, a young negro, was severely wounded by a pistol ball.

PHYSICIANS APPREHENSIVE.

Strongest Drugs Fail to Check Governor Pingree's Complaint.

London, June 18.—Ex-Governor Pingree's physician says there is continued apprehension as to his condition. The strongest drugs have failed to check the dysentery and the only hopeful symptom is that the patient is enabled freely to partake of nourishment.

Mrs. Pingree sails for London at once and the physician hopes that Mr. Pingree may be at least able to see his wife, as he remains perfectly rational.

OBJECTS TO CRITICISM.

Judge Palmer of Denver After the Church People.

Denver, June 18.—Judge Palmer of the district court cited John Anderson of the Anti-Saloon society, Rev. A. Teague, pastor of Grace M. E. church, and W. R. Church, secretary of the local Christian Endeavor society, to appear in his court to answer to the charge of contempt on several comments made in Denver pulpits and elsewhere on the court's decision allowing saloons and restaurants to sell liquor on Sunday.

Were Beloit's First Graduates.

Beloit, Wis., June 18.—Present at the Beloit college commencement exercises were the three members constituting the first class of Beloit college, which was graduated in 1851, 50 years ago. They are Dr. Joseph Collier of Delavan, Wis.; Dr. Stephen D. Peet of Chicago, publisher of The Antiquarian, and W. C. Hooker of Carthage, Ill. A dinner was given in their honor.

Stockton Again Disabled.

Washington, June 18.—The little torpedo boat Stockton broke down again during the morning on her trial trip. Judge Advocate General Lemley has received a telegram from Rear Admiral Evans, the chief of the naval trial board, stating that the air pump of the starboard engine broke. Nothing is known as to the extent of the accident.

Richardson for Governor.

Columbus, O., June 18.—The referendum vote for the selection of candidates on the state ticket of the Union Reform party has been canvassed. John Richardson of Westerville obtained the nomination for governor. The ticket will have to be placed on the ballot by petition.

WON BY MACHINISTS.
Settlements Favorable to the Men Effected in Five Chicago Plants.
Chicago, June 18.—Settlements with striking machinists were effected during the day at five plants of local manufacturers, making a total of over 70 Chicago plants in which the strikers have won the fight inaugurated through the general strike of three weeks ago. Under the terms of settlement the strikers will return to work at all five shops, having been granted the 9-hour workday without a cut in the rate of wages paid per day under the 10-hour system recently abandoned. All of the firms that settled have memberships in the Chicago Machinery Manufacturers' association, two being also represented in the National Metal Trades association, the organization of the employers in the foundry trades. Out of the original 2,300 involved in the local machinists' strike only 1,600 are now out of work.

Rebels Refuse to Surrender.
Kingston, Jamaica, June 18.—Advices received here from Colombia say the rebels refuse to lay down their arms owing to the ill treatment of political prisoners by government officials. Prominent prisoners were paraded through the principal towns as a warning to Liberal sympathists and in view of the recrudescence of rebel activity in the interior the Colombian government has purchased the steamer Darien to be used as a gunboat.

Honors for Returning Troops.
London, June 18.—The correspondent of The Daily Express at Cherbourg learns that Emperor William intends to meet the returning German troops from China with a naval squadron, which will be joined at Cherbourg by President Loubet and a French squadron.

LAST OF THE CLAIMS
THE AMERICAN-CHILEAN COMMISSION HAS FINISHED ITS LABORS.
ITATA CASE IS DISMISSED

Decision in Favor of the United States and Against the Owners of the Ship.
Claimant Had Already Recovered Damages From the Southern Republic—The Finding Was Not Unanimous.

Washington, June 18.—The United States and Chilean claims commission has completed its work. The last case to be decided was that involving the seizure in 1891 of the Chilean vessel Itata by the authorities of the United States on the ground that she was carrying a cargo of contraband arms to Chile. The claim was for \$244,051, with interest, and was made by the South American Steamship company, which had chartered the ship to the Chilean government. The decision dismisses the case. Minister Ploda of Switzerland, president of the commission, and Mr. Gammo, the American commissioner agreed in this view, while Minister Vicuna of Chile dissented. The commission sums its findings as follows:

"I.—That the damages alleged by the plaintiffs were not occasioned by any unjustifiable action on the part of the United States, that Itata was not pursued by the naval authorities of the United States upon the high seas into Chilean waters, induced to surrender by display of superior force and brought back under duress.

"II.—That the Itata was voluntarily placed at the disposal of the United States by the provisional government of Chile.

"III.—That there was probable cause for the detention of the Itata at San Diego by the authorities of the United States and therefore no wrong was done.

"IV.—That the claimant has brought suit in the courts of Chile against the government of Chile to recover damages upon the identical claim that here is set against the United States; the company has recovered judgment thereon and that these judgments have been paid to the company by the government of Chile. The case must therefore be dismissed."

During the sessions of the commission there have been 17 cases against Chile and 2 against the United States. The total of American claims against Chile was \$34,000, and of this \$28,062, or 84 per cent, has been awarded by the commission. The two Chilean claims against this government were the Itata case and that of Richard Trumbull, who was awarded \$3,000 for services to the United States legation in Chile in an extradition case some years ago.

DRIVE OUT THE SOONERS.

Troop of Cavalry Will Clear the Wichita Mountain Land.

Guthrie, O. T., June 18.—Captain Farrand Sayers, commanding officer at Fort Sill, O. T., acting under orders from the war department, has started with 40 cavalrymen to clear Wichita mountain land of unlawful intruders preparatory to the opening of the Kiowa and Comanche reservation. The government is determined to free the country of all "sooners" whether for the purpose of mining or otherwise.

William A. Richards, assistant commissioner of the general land office, has left for Washington, having completed the preliminaries to establishing county seats and county boundaries in the reservations to be thrown open.

THE WAY PLATT SEES IT.

Thinks Odell Will Be Re-Elected and Later Will Be President.

New York, June 18.—The Journal and Advertiser says:

"It seems to me that Governor Odell will be re-elected and that he will later be president."

This was Senator Thomas C. Platt's reply to a question put to him by a Journal and Advertiser reporter as to whether Governor Odell was likely to succeed him in the senate two years hence.

"It is reported that you may resign from the senate ere your term expires."

"I have no such intention. The only fact is that I propose to retire when my term ends in 1903. The reports that I am in ill health are unfounded."

New Regiments Nearly Full.

Washington, June 18.—The new regiments organized under the reorganization law are about completed. The two regiments farthest behind are the Thirtieth cavalry at Fort Meade and the Twenty-eighth infantry at Vancouver Barracks, but the enlistments of last week amounted to over 500, and it is expected that those of the present week will practically complete all the new regiments.

Destroyed Chapel Paid For.

Washington, June 18.—A cablegram received at the state department from United States Minister Bryan at Petropolis announces that the Brazilian government has paid the indemnity requested for the destruction by a mob of a Baptist chapel in the province of Netheroy, maintained by the American Baptist mission. The Baptist Missionary society has been duly advised.

NO INTOXICATING LIQUORS.
Subsistence Department Forbidden to Purchase Them.

Washington, June 18.—The secretary of war directs the publication of the following order for the information of the army:

"No malt, vineous and spirituous liquors will be purchased by the subsistence department for any purpose. Supplies thereof needed in medical or hospital practice for use in the diet of soldiers too sick to use the army ration will be provided by the medical department."

Stolen Money Recovered.

New York, June 18.—H. M. Townsend, agent in this country of the Hong Kong and Shanghai Banking corporation, received a cable message saying that the 600,000 Mexican dollars stolen from the company on May 24 at Singapore had been recovered in Singapore. No particulars given.

Would Abolish National Guard.

Honolulu, June 18.—The senate committee in the legislature returned a report today recommending the entire abolition of the national guard. The report suggested that the military paraphernalia be put aboard a scow, towed out to sea and dumped overboard.

Record-Breaking Sugar Cargo.

San Francisco, June 18.—The steamship Hawaiian, which has arrived from Honolulu, brought the largest cargo of sugar ever sent out of the Hawaiian Islands. It consisted of 8,500 tons, valued at \$750,000.

Decorated the Soldiers' Graves.

Tien Tsin, June 18.—It being the anniversary of the beginning of the siege of Tien Tsin the ladies decorated the graves of the soldiers of all nationalities.

TELEGRAPHIC BREVITIES.

Fifteen people were more or less injured in a street car collision at Buffalo.

A fire on the river front at Buffalo, N. Y., destroyed over \$200,000 worth of property.

Secretary Hay has returned to Washington from Buffalo and resumed his duties at the state department.

The steamer Ophir, with the Duke and Duchess of Cornwall and York on board, has arrived at Wellington, N. Z.

The transport Pennsylvania has arrived at San Francisco from Manila with 32 officers and 810 men of the Fortieth volunteer infantry.

The Mark Lane Express, in its weekly review of the crop situation, says the effect of the past week's cold on English wheat has been decidedly prejudicial and agricultural prospects show general retrogression.

BUTTER—Creamery 14½c to 15½c, dairy 13½c to 17c.

EGGS—Fresh 10½c.

IT IS A LAND OF WONDERS.
Sir Henry Hamilton Johnson Returns From Uganda.

London, June 18.—Sir Henry Hamilton Johnson, special commissioner for the Uganda protectorate, has returned to London after an absence of two years. He brings stories of Uganda rivaling Henry M. Stanley's description of "Darkest Africa." Sir Henry relates that the country surrounding Mount Elgon is totally depopulated as a result of inter-tribal wars and is completely, marvelously stocked with big game that are as tame as English park deer. Zebras and antelope can be approached to within 10 yards and there is no sport in killing them. Elephants and rhinoceros are also abundant and, according to Sir Henry, lions in Uganda are too busy eating hartebeeste to notice a passing caravan. The prehistoric giraffe has been discovered in this country by the commissioner, who proposes to maintain the region referred to as a national park.

He photographed a race of ape men in the Congo forest, differing entirely from Stanley's pigmies, and secured phonographic records of their language and music. Sir Henry said that 12 varieties of valuable trees are found in this country in inexhaustible supply.

MONUMENTS DEDICATED.

Remarkable Ceremony Occurs at Hachenburg, Prussia.

Berlin, June 18.—A remarkable ceremony occurred at Hachenburg, Prussia, when the military attaches to the French and Austrian embassies in Berlin, together with 55 German veteran associations, jointly celebrated the dedication of two monuments, one erected by Austria in honor of those Austrians who fell in 1796 during the war with France, and the other for French General Marceau, who was mortally wounded in a reconnaissance at Altenkirchen, in Rhenish Prussia, Sept. 20, 1796, and died three days after.

At the dedication of these monuments the band played the "Marseillaise" and the Prussian hymn. A French attaché proposed three cheers for Emperor William and an Austrian attaché expressed his confidence in the durability of the friendship.

The ceremony was witnessed by large numbers of German army and navy officers on the active list and high civil and military officials from a number of districts.

GETTING UNRULY.

Negroes Threaten to Kill the Whites at Jacksonville, Fla.

Jacksonville, Fla., June 18.—At a negro political meeting in the Sixth ward 100 or more negroes swore vengeance against the whites, swearing, it is said, that they would kill any white men who came into the district. They stopped two street cars that were passing and drove the motormen and conductors from their cars. The mob was dispersed by the arrival of the police in force. In the melee preceding the arrival of the police Willie Cook, a young negro, was severely wounded by a pistol ball.

PHYSICIANS APPREHENSIVE.

Strongest Drugs Fail to Check Governor Pingree's Complaint.

London, June 18.—Ex-Governor Pingree's physician says there is continued apprehension as to his condition. The strongest drugs have failed to check the dysentery and the only hopeful symptom is that the patient is enabled freely to partake of nourishment.

Mrs. Pingree sails for London at once and the physician hopes that Mr. Pingree may be at least able to see his wife, as he remains perfectly rational.

OBJECTS TO CRITICISM.

Judge Palmer of Denver After the Church People.

Denver, June 18.—Judge Palmer of the district court cited John Anderson of the Anti-Saloon society, Rev. A. Teague, pastor of Grace M. E. church, and W. R. Church, secretary of the local Christian Endeavor society, to appear in his court to answer to the charge of contempt on several comments made in Denver pulpits and elsewhere on the court's decision allowing saloons and restaurants to sell liquor on Sunday.

Were Beloit's First Graduates.

Beloit, Wis., June 18.—Present at the Beloit college commencement exercises were the three members constituting the first class of Beloit college, which was graduated in 1851, 50 years ago. They are Dr. Joseph D. Peet of Chicago, publisher of The Antiquarian, and W. C. Hooker of Carthage, Ill. A dinner was given in their honor.

Stockton Again Disabled.

Washington, June 18.—The little torpedo boat Stockton broke down again during the morning on her trial trip. Judge Advocate General Lemley has received a telegram from Rear Admiral Evans, the chief of the naval trial board, stating that the air pump of the starboard engine broke. Nothing is known as to the extent of the accident.

Richardson for Governor.

Columbus, O., June 18.—The referendum vote for the selection of candidates on the state ticket of the Union Reform party has been canvassed. John Richardson of Westerville obtained the nomination for governor. The ticket will have to be placed on the ballot by petition.

We make a specialty of prescriptions. Experienced pharmacists always employed. **H. P. Dunn & Co.**

"No malt, vineous and spirituous liquors will be purchased by the subsistence department for any purpose. Supplies thereof needed in medical or hospital practice for use in the diet of soldiers too sick to use the army ration will be provided by the medical department."

Stolen Money Recovered.

New York, June 18.—H. M. Townsend, agent in this country of the Hong Kong and Shanghai Banking corporation, received a cable message saying that the 650,000 Mexican dollars stolen from the company on May 24 at Singapore had been recovered in Singapore. No particulars given.

Would Abolish National Guard.

Honolulu, June 7.—The senate committee in the legislature returned a report today recommending the entire abolition of the national guard. The report suggested that the military paraphernalia be put aboard a scow, towed out to sea and dumped overboard.

Record-Breaking Sugar Cargo.

San Francisco, June 18.—The steamship Hawaiian, which has arrived from Honolulu, brought the largest cargo of sugar ever sent out of the Hawaiian Islands. It consisted of 8,500 tons, valued at \$750,000.

Decorated the Soldiers' Graves.

Tien Tsin, June 18.—It being the anniversary of the beginning of the siege of Tien Tsin the ladies decorated the graves of the soldiers of all nationalities.

TELEGRAPHIC BREVITIES.

Fifteen people were more or less injured in a street car collision at Buffalo.

A fire on the river front at Buffalo, N. Y., destroyed over \$200,000 worth of property.

Secretary Hay has returned to Washington from Buffalo and resumed his duties at the state department.

The steamer Ophir, with the Duke and Duchess of Cornwall and York on board, has arrived at Wellington, N. Z.

The transport Pennsylvania has arrived at San Francisco from Manila with 32 officers and 810 men of the Fortieth volunteer infantry.

The Mark Lane Express, in its weekly review of the crop situation, says the effect of the past week's cold on English wheat has been decidedly prejudicial and agricultural prospects show general retrogression.

IT IS A LAND OF WONDERS.

Sir Henry Hamilton Johnson Returns From Uganda.

London, June 18.—Sir Henry Hamilton Johnson, special commissioner for the Uganda protectorate, has returned to London after an absence of two years. He brings stories of Uganda rivaling Henry M. Stanley's description of "Darkest Africa." Sir Henry relates that the country surrounding Mount Elgon is totally depopulated as a result of inter-tribal wars and is completely, marvelously stocked with big game that are as tame as English park deer. Zebras and antelope can be approached to within 10 yards and there is no sport in killing them. Elephants and rhinoceros are also abundant, and, according to Sir Henry, lions in Uganda are too busy eating hartebeeste to notice a passing caravan. The prehistoric giraffe has been discovered in this country by the commissioner, who proposes to maintain the region referred to as a national park.

He photographed a race of ape men in the Congo forest, differing entirely from Stanley's pigmies, and secured phonographic records of their language and music. Sir Henry said that 12 varieties of valuable trees are found in this country in inexhaustible supply.

MONUMENTS DEDICATED.

Remarkable Ceremony Occurs at Hachenburg, Prussia.

Berlin, June 18.—A remarkable ceremony occurred at Hachenburg, Prussia, when the military attaches to the French and Austrian embassies in Berlin, together with 55 German veteran associations, jointly celebrated the dedication of two monuments, one erected by Austria in honor of those Austrians who fell in 1796 during the war with France, and the other for French General Marceau, who was mortally wounded in a reconnaissance at Altenkirchen, in Rhinish Prussia, Sept. 20, 1796, and died three days after.

At the dedication of these monuments the band played the "Marsellaise" and the Prussian hymn. A French attaché proposed three cheers for Emperor William and an Austrian attaché expressed his confidence in the durability of the Dreibund.

The ceremony was witnessed by large numbers of German army and navy officers on the active list and high civil and military officials from a number of districts.

GETTING UNRULY.

Negroes Threaten to Kill the Whites at Jacksonville, Fla.

Jacksonville, Fla., June 18.—At a negro political meeting in the Sixth ward 100 or more negroes swore vengeance against the whites, swearing, it is said, that they would kill any white men who came into the district. They stopped two street cars that were passing and drove the motormen and conductors from their cars. The mob was dispersed by the arrival of the police in force. In the melee preceding the arrival of the police Willie Cook, a young negro, was severely wounded by a pistol ball.

PHYSICIANS APPREHENSIVE.

Strongest Drugs Fail to Check Governor Pingree's Complaint.

London, June 18.—Ex-Governor Pingree's physician says there is continued apprehension as to his condition. The strongest drugs have failed to check the dysentery and the only hopeful symptom is that the patient is enabled freely to partake of nourishment.

Mrs. Pingree sails for London at once and the physician hopes that Mr. Pingree may be at least able to see his wife, as he remains perfectly rational.

OBJECTS TO CRITICISM.

Judge Palmer of Denver After the Church People.

Denver, June 18.—Judge Palmer of the district court cited John Anderson of the Anti-Saloon society, Rev. A. Teague, pastor of Grace M. E. church, and W. R. Church, secretary of the local Christian Endeavor society, to appear in his court to answer to the charge of contempt on several comments made in Denver pulpits and elsewhere on the court's decision allowing saloons and restaurants to sell liquor on Sunday.

Were Beloit's First Graduates.

Beloit, Wis., June 18.—Present at the Beloit college commencement exercises were the three members constituting the first class of Beloit college, which was graduated in 1851, 50 years ago. They are Dr. Joseph Collee of Delavan, Wis.; Dr. Stephen D. Peet of Chicago, publisher of The Antiquarian, and W. C. Hooker of Carthage, Ill. A dinner was given in their honor.

Stockton Again Disabled.

Washington, June 18.—The little torpedo boat Stockton broke down again during the morning on her trial trip. Judge Advocate General Lemley has received a telegram from Rear Admiral Evans, the chief of the naval trial board, stating that the air pump of the starboard engine broke. Nothing is known as to the extent of the accident.

Richardson for Governor.

Columbus, O., June 18.—The referendum vote for the selection of candidates on the state ticket of the Union Reform party has been canvassed. John Richardson of Westerville obtained the nomination for governor. The ticket will have to be placed on the ballot by petition.
